# 5: Job Application - Zoho Creator Reports Suite

## Aim:

To design and build a complete suite of Reports in Zoho Creator for the "Job Application" application, demonstrating the correct usage of all nine Report Types available in Zoho Creator.

## Reports Used Overview

| Report Type | Report Name |
|---|---|
| **List View** | `Loan Application Report` |
| **Spreadsheet View** | `Loan_Applications_Spreadsheet` |
| **Kanban View** | `Loan_Status_Kanban` |
| **Calendar View** | `Callback_Schedule_Calendar` |
| **Map View** | `Applicant_Residential_Map` |
| **Timeline View** | `Application_Activity_Timeline` |
| **Pivot Table** | `LoanType_By_EmploymentType_Pivot` |
| **Chart View** | `LoanType_Distribution_Chart` |
| **Summary View** | `Loan_Wise_Summary` |

## Detailed Report Descriptions

### 1. job Application Report (List View)

- **Purpose:** Default landing report for the Loan Processing Cell, displaying all loan applications in a clean, searchable tabular format.
- **Features:** Includes a global search bar, sorting options, and column-level filters for applicant details, PAN numbers, email addresses, contact numbers, residential addresses, and employment types.

## 2. job_Applications_Spreadsheet (Spreadsheet View)

- **Purpose:** Utilized daily by loan officers to review and update application parameters quickly in a grid layout.
- **Features:** Allows inline editing for specific verification and employment fields while keeping baseline applicant details read-only for data integrity.

## 3. job_Status_Kanban (Kanban View)

- **Purpose:** Provides a visual pipeline for tracking how loan applications progress through various review stages (e.g., Choice 1, Choice 2, Choice 3, and Deleted & Others).
- **Features:** Cards can be dragged across columns to automatically update the underlying status field.

## 4. Callback_Schedule_Calendar (Calendar View)

- **Purpose:** Used by loan officers and customer support to monitor and manage scheduled client callbacks, follow-ups, and interview dates.
- **Features:** Monthly, weekly, and daily grid views allowing quick identification of scheduled appointments.

## 5. Applicant_Residential_Map (Map View)

- **Purpose:** Deployed by the regional lending team to visualize the geographical distribution of applicants across regions like Chennai and surrounding areas.
- **Features:** Geocode-enabled pin placement to identify high-density application zones and plan local financial outreach.

## 6. Application_Activity_Timeline (Timeline View)

- **Purpose:** Enables management to track application inflow velocity and user activities across specific hours and days of the week.
- **Features:** Chronological breakdown highlighting peak periods of application submissions.

## 7. jobType_By_EmploymentType_Pivot (Pivot Table)

- **Purpose:** Summarizes relationships between applicant birth years, names, and aggregate metrics to analyze demographic distributions.
- **Features:** Provides matrix totals and grand counts for comparative internal review.

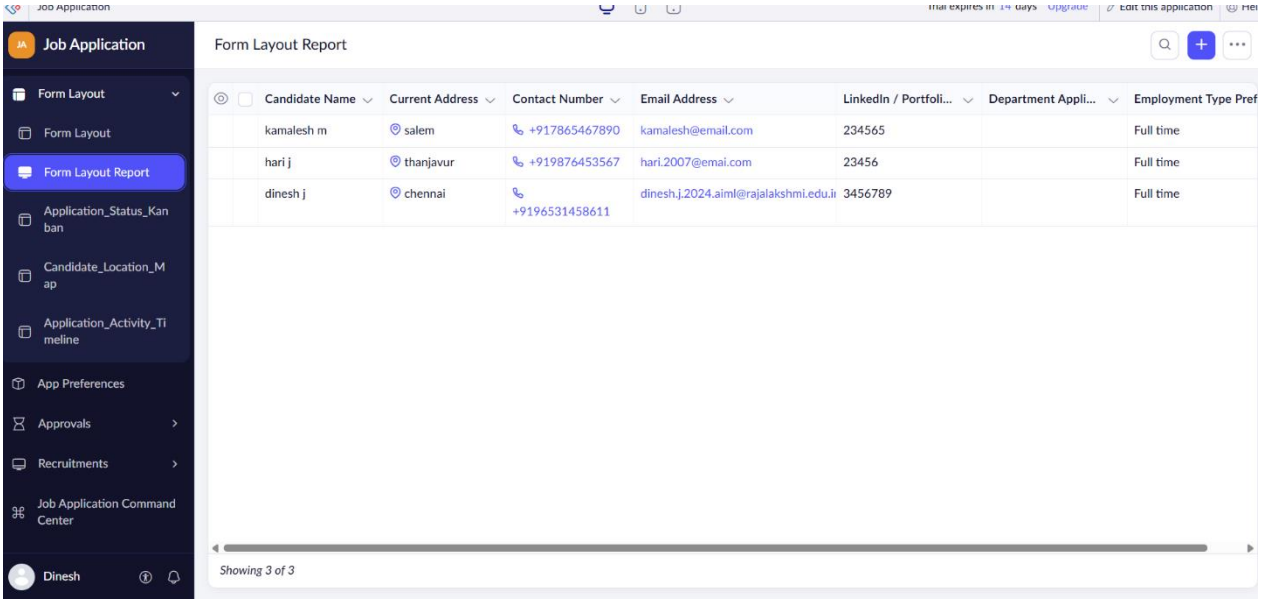

## 8. jobType_Distribution_Chart (Chart View)

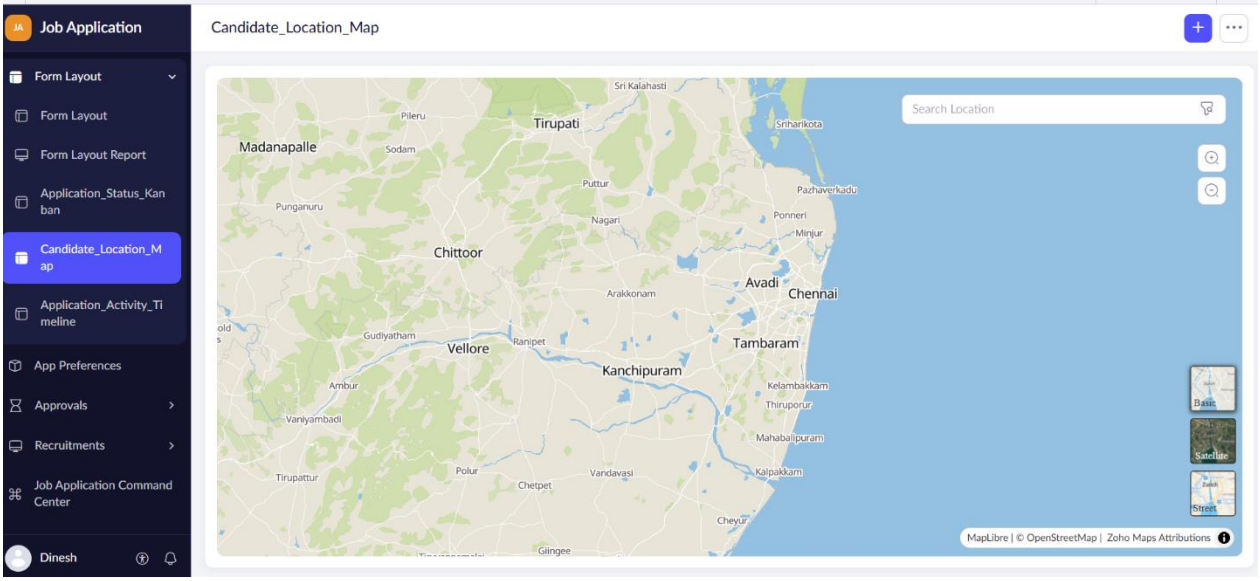

- **Purpose:** Visually compares loan distributions and demographic categories across applicants using interactive graphical nodes and filters.
- **Features:** Dynamic sorting and multi-legend filters for PAN numbers and applicant attributes.

## 9. job_Wise_Summary (Summary View)

- **Purpose:** Aggregates core loan portfolio metrics to support credit committee evaluations and limit planning.
- **Features:** Displays calculated totals and category groupings for quick executive summaries.
